

Religious Education – advance information

For RE we have been told that there is not necessarily any content being removed. However, the advance information identifies the 'Areas of Study' from the specification, which are the focus of the Analysis and Evaluation assessments within each examination paper. This means that the advance information applies to higher tariff questions only (i.e., the D Style questions for each paper).

Religious, Philosophical & Ethical Studies in the Modern World - (The two-hour paper) – worth 50%

Theme 1: Issues of Relationships- The D style question will concentrate on - Relationships
